ENVIRONMENT AND WASTE MANAGEMENT POLICY

To ensure our commitment to the society as responsible contributors, we follow the following:

1. Cause no type of pollution whatsoever, including air, water and noise.
2. Continuously identify the possible causes of such pollutants in our factory and find solutions.
3. All type of recyclable waste is disposed only to identify sources and proper records are maintained.
4. Non-recyclable waste, if any, is disposed in an orderly manner and only to the legally authorized sources.
