

MNR Exports Pvt Ltd

LIQUID WASTE DISPOSAL POLICY

MNR Exports has established a policy for dealing with liquid waste disposal.

The policy states that:

- Liquid wastes (of paints/chemicals) are disposed in drains, which are connected with proper drainage and sewage system.
- Proper taps are provided for the working members to wash their hands full of paints and chemical used for production.
- We ensure that NO hazardous or harmful chemicals-liquids are used for production.
- Safety Work wears or Personal Protective Equipments is a must for all the employees working with paints/chemicals.

A handwritten signature in blue ink that reads 'Nilesh Doshi'.
